FULL DETAILS OF NEW ADDITIONS - FEBRUARY 2010

DVD ■ Shadow Government - Is it a conspiracy if it's all true? Your every move is being watched, but who's watching the watchers? In these times, we've all come to accept that our E Mails, telephone calls and financial transactions can be monitored and tracked, but do we really know how much of our lives are actually being observed and recorded and by whom? An up-to-the minute analysis of the ever changing technological landscape and new substantiated evidence that an ultra-secret global elite controls technology, finance, international law, world trade, political power and vast military capabilities. Comes highly recommended. £10

DVD ■ Defamation - Yoav Shamir examines the state of anti-Semitism in the 21st century. A native of Israel, Shamir goes beyond the normal boundaries to examine how this deep-seated prejudice is still prevalent. Is anti-Semitism an immediate threat on the verge of coalescing into a second Holocaust? Or is it a scare tactic used by right-wing Zionists to discredit their critics? Speaking with the head of the anti-defamation league, controversial author Norman Finkelstein and others, Yoav Shamir sets out to discover the realities of anti-Semitism today. Featuring interviews with divisive scholars and historians about their views. The film also compares anti-Semitism and anti-Zionism. This brave documentary takes on the topic of anti-Semitism in a relentlessly probing and original way. £10

DVD ■ Alchemy: Sacred Secrets Revealed - Much of Alchemy is misunderstood and shrouded in mystery within magical and fraternal orders. This film unravels many of the aspects which have remained hidden behind conventional history, as we take an in-depth look at this most Sacred Science. Plus a bonus film **Alchemy: The Transformation Of Consciousness** dealing with the facts and the myths, and how Alchemy relates to consciousness and spirituality. Very few people understand what ALCHEMY is really about so this is your opportunity to lift the veil. Probably the best video I have seen on this intriguing subject. £10

DVD ■ Alien Bluestar: The Great Gathering - Miriam Delicado was contacted at an early age by benevolent, tall blond extraterrestrials, apparently singled out specifically for a very special role. And now Miriam is a woman on a mission: driven, articulate, passionate, and powerful, she tells a riveting story of her very real and physical contact with a highly advanced, Guardian race, and the information she was asked to pass on. Miriam is aware that there are others of her kind. The message is aimed at all people and holds special significance for what George Green labelled the "Ground Crew". She has established a great affinity with the Hopi and Mayan. This particular time that we're in is very delicate - and it is truly the time of choice. We really need to step things up. We need to step things up as a community. We need to step things up in unity - and make our voices a lot stronger than they have been. Many credible people believe that this may be one of the most powerful and important interviews ever. £10

4 DVD Set ■ Flood Your Body With Oxygen: Human Health and Disease Therapy for our polluted world - here's the big secret not taught in medical schools. Disease can't live in oxygen! Anaerobic microorganisms cannot live in oxygen. The ultimate cause of all disease is toxins making water anaerobes the main cause of disease in the world today, yet they can be completely eliminated easily and inexpensively by putting special forms of oxygen in water. Since our bodies are mostly water, and our cells love oxygen, we can safely and correctly put special forms of oxygen into and on our bodies. Once we get enough of this special oxygen inside us, what is stopping the oxygen from eliminating the vast majority of microbes causing our diseases, since they cannot live in oxygen? This is not theory, and Mr Oxygen, Ed McCabe offers you more than one hundred years worth of European and American research, testing, and application of various forms of oxygen as his proof. Applied properly, we can safely and easily get rid of most diseases being suffered by the inhabitants of the poorest and richest nations of the world. These DVDs reveal practical methods used for removing major causes of human suffering and disease. Absolutely stunning information. 4 DVDs £15
